

CAPM® Exam Prep course

CAPM® (Certified Associate in Project Management) is a certification exam offered by PMI® (Project Management Institute). A CAPM® certificate demonstrates that a person possesses the foundational project management knowledge and skills that project teams require. This certification equips a person to start a career in project management.

There are 4 easy steps to get PMP® certification:

- Confirm your eligibility for the certification
- Attend CAPM® examination preparation course with Uloom Training
- Apply for CAPM® examination by completing an application
- Take the exam through PMI® facilitated schedule

CAPM® Exam Prep Course:

We offer a comprehensive course that will help you prepare for the CAPM® examination within a reasonable time.
